LUSITANA BOYS TO RAISE THE ROOF

The rehearsal of the second act of the play to be given by the Auerbach and Drum Company, on the night of the 29th inst., for the benefit of the Lusitana Athletic Club and the Kona Orphanage, was a most successful one. The actors went through their different parts with such vim and vivacity that Mr. Drum was surprised and wondered whether or not he was rehearsing a company of professional comedians or whether he was not being a traitor to his obligations at the Orpheum. His impression is that the Promotion Committee should take the company in hand, and, with a well-

written play, portraying these Dreamy Isles, send it through the States. That would be the best ad. the Islands would ever get. If you do not believe it, call Monday p. m., at 5, and be convinced.

There are few who are in it with Henry Vieira, the constable; he is simply grand. If he doesn't tear off the roof of the Orpheum theater and force Mr. Cohen to newly paper his house, there'll be a mistake. Every body knows how good he is as a Chi-

naman. He is inimitable in a mixture of all the human absurdities. Sheriff Brown's company of trustees must not fail to buy tickets, for they will be more than repaid; they might get their salaries raised in proportion to their gain in knowledge. This is the spirit of the entire play; fun and nothing but side-splitting laughter. Remember the orphans at the orphanage; they need your aid. And, just but not least, don't forget that the Lusitana Athletic Club is worthy of help. It is in great need of money to properly fit it for another series of games. Has it not entertained with good baseball? Sure kela! People usually laugh at the rising water until it becomes a flood. California honey retails in England at 16 to 36 cents a pound. A boot-black machine has been invented.
